

PRES. GREENHUT IS OUSTED.

HE IS REMOVED AS PRESIDENT OF THE WHISKY TRUST.

In his report he defended the action of the old board of directors and spoke in bitter terms of the breaking open of his safe—He called Levi Mayer a liar and then sued him for slander.

Peoria, Ill., April 17.—Joseph B. Greenhut was removed from the presidency and directory of the Distilling and Cattle Feeding company to-day at the annual meeting of the stockholders after refusing to resign. S. M. Rice of New York city is slated as his successor.

Contrary to predictions Mr. Greenhut was at the meeting. He was the only one of the old directors to face the new control. R. B. Hartsburne was elected chairman and would have been made a director had he been willing to accept the position. Nearly \$50,000 shares of stock were represented, of which the minority—Greenhut—controlled only 11,019. Resignations were read from the remaining directors, except Mr. Greenhut, and were promptly accepted. Upon motion of Levi Mayer, Greenhut was asked to resign. This he declined to do and upon a motion to remove him had his attorney state to the stockholders that it was not in his power to do so. Notwithstanding a vote was taken and he was removed under protest. He will carry the matter into the courts. The following directors were then elected:

S. M. Rice of New York, J. M. Hutton of Cincinnati, T. D. Wentworth of New York, W. J. Mayer of Chicago, W. M. Scheffel of New York, J. M. Mott of Chicago, and Floyd E. Jennison of New York.

It was entered in the record that Mr. Scheffel was elected to succeed Greenhut, so as to simplify the litigation to follow. Mr. Greenhut did not want to read his report to his enemies, but upon the insistence he read it.

In his report he said he had served the company and its predecessors for eight years to the best of his ability. He asserted that some of the vital mistakes in the conduct of the business were made against his judgment and protest. The recent charges against himself and fellow directors he stigmatized as false and malicious, and he hoped that the groundlessness of these slanders would soon be established and the slanders dealt with as they deserved. He defended any one to prove any mismanagement or misappropriation of the company's funds, or that he or any of the directors had been parties to any contract for their personal benefit, detrimental to the best interests of the company, or that any of the official statements given to stockholders were otherwise than true and warranted by facts when the statements were made.

He defended the action of the old board of directors in placing the company in the hands of receivers, asserting that this was made necessary by the precarious financial condition of the company. He said the receivers had found the books of the company in a straight and honest condition. This did not suit the reorganization committee and experts were employed with instructions to find irregularities and to furnish suggestions for the recovery of the company. He asserted that he could and would refute every irregularity claimed by the experts.

He spoke in bitter terms of the breaking open of his safe, and said he would prosecute the offenders to the fullest extent of the law. He presented figures to show the poor financial condition of the company, and said that the statement that General McNulta was running things smoothly and profitably was untrue and absurd, and that inexperienced men could not possibly do what experienced men found impossible.

Mr. Greenhut declared that there never could be any success with the properties on the plan proposed by the reorganization committee. At the time Mr. Mayer was offering the resolution for the removal of Mr. Greenhut the latter told Mr. Mayer that he was a liar and had run to the end of his rope. Mr. Greenhut was removed on the charge that he was false in his trust and an enemy to the company.

Mr. Mayer had hardly concluded when a constable entered and served him with a summons in a suit for \$50,000 for slander brought by Greenhut. Notices were also served on the five members of the reorganization committee, Receiver McNulta and Attorney Bijur, in suits for a similar amount, all returnable in Peoria on the first Monday in May. When the gentlemen summoned were spoken to they laughed and joked, saying that the action was ridiculous and childish.

The last act of the stock holders was to rescind the action of the last annual meeting in regard to the non-negotiating of the remainder of the eight millions of bonds before provided for and the new directors are authorized to float them.

The bonds amount to over \$4,000,000. The meeting then adjourned to May 8, 1895.

Mr. Greenhut after the meeting said: "They seem to have their own way this afternoon, but the tables will yet be turned. I have no doubt of being regenerated, and I cannot be legally removed. The meeting this afternoon was only a confab of Wall street jobbers, and as my removal is illegal no acts of the new board will amount to anything, with Scheffel naming an illegal vote." The new directors will meet in Chicago soon to elect officers.

Suicide Not Identified.
South Framingham, Mass., April 17. The body of the Winthrop house guide lies in Undertaker Everett's rooms tonight awaiting identification. The name and address of C. L. Morely, of Spencer, seems to be entirely fictitious, as the Spencer chief-of-police who came to identify the man, as also did several former residents of Spencer residing in South Framingham, who were killed in.

GONE TO A COMMITTEE.

Parties of a Church Do Not Want Rev. Mr. Cleveland.

Watertown, N. Y., April 17.—The case of the differences between Rev. W. N. Cleveland, brother of the president, and a portion of the Presbyterian church at Chaumont, of which he is pastor, has been submitted to a committee of two clergymen and one layman by the Presbytery of St. Lawrence, now in session at Adams.

The parties in the church opposed to the continuance of Mr. Cleveland as their pastor insist that it is not because of his private political belief, but it is hinted by some that he has forced his views on the attention of the people to whom they are objectionable at times when they could not, with propriety, combat them.

The Presbytery unanimously elected Mr. Cleveland a delegate to the general assembly, which meets in Pittsburgh May 18.

PAPER MANUFACTURING.

Establishment of a Large Additional Plant in Lockport, N. Y.

Buffalo, April 17.—Notwithstanding the steps which are being taken by the large paper manufacturers towards a combination of interests the Traders' Paper company of Lockport, incorporated recently, has decided to proceed with the equipment of a plant in new mills, which will have the capacity of 100,000 pounds a day.

The company is capitalized at \$500,000, and the leading men interested are Comptroller Roberts of Buffalo, William Ives of New York city, Eugene M. Ashley and Colonel T. E. Ellsworth of Lockport. Work on the new building will be begun immediately.

SHOOTING CASE NOLED.

There Were Extenuating Circumstances.

Madison, April 17.—The case of Child Francis, the farmer who was arrested for shooting Frank Enack, a young farm hand in North Madison a month ago, was called in the town court to-day. Francis, agreeing to pay all the costs in the case, Young Enack has almost entirely recovered from his injuries, and all the shot that entered his body has been extracted.

The case is disposed of in this manner because it was believed that the boy aggravated Francis so that he committed the assault. The town justice considered the extenuating circumstances in the case and the disposition of the case was satisfactory to all the parties concerned.

WATERS ARE SUBSIDING.

The Height of the Flood at Springfield is Reached.

Saco, Me., April 17.—There is little change here since early this morning, when Hooper Brothers' lumber mill was carried away. The building lodged on Poor Island and remained there till 5:30 a. m., when it resumed its journey toward Cataract bridge. While grounded on the island the mill was so badly wrecked that it had but small effect on the bridge when it struck. Crews were set at work demolishing the wreck, but a large portion of it is still crowded against the abutments.

Two Boston and Maine railroad wrecking crews are working to clear the debris from under the railroad bridge, but are making very little progress.

The waterworks pumps are rendered useless by the high water, but the reservoir contains a sufficient supply to last several days. The York and Lacoia mills and the Saco water-power machine shop are shut down owing to the flood.

A dispatch from West Buxton says there has been no rise there since 8 o'clock this morning. It is expected that the freshet here will begin to recede before night.

Springfield, Mass., April 17.—The height of the flood has been reached and the water is falling. But the freshet is doing great damage in the submerged districts, especially around Northampton and East Hampton. The heavy loss is by washouts along the tracks of the new electric road. At Holyoke the falls over the dam still roar like a cataract and there is no noticeable decrease in the volume of water.

Haverhill, N. H., April 17.—The accumulated mail matter of the four days came in to-day, the first since Saturday. The vicinity of the post-office presented an animated scene this evening, as hundreds of college students and citizens gathered for their letters and newspapers, with tidings from the outside world, from which they have been so long cut off. The water is gradually subsiding.

Bellows Falls, Vt., April 17.—The Boston and Maine road succeeded at 9 a. m. in getting its first train through over its line to White River Junction. This opens up all lines leading from here and they are now running through here in all directions regularly.

Arcanum Officers Elected.

Norwich, Conn., April 17.—At a meeting of the delegates of the grand council of Connecticut Royal Arcanum held to-day the following officers were elected: Grand regent, General C. H. Prentice of Hartford; grand vice regent, Henry G. Palmer of Stonington; grand orator, H. F. Welmore of Winsted; grand secretary, E. B. Holloway of Milford; grand treasurer, B. G. Bryant of Waterbury; grand chaplain, M. B. Dunbar of Torrington; grand guide, Carlton E. Boudley of New Haven; grand warden, L. P. Taft of Stamford; grand scribe, W. A. P. Hatfield of Bridgeport; trustee for three years, W. C. Davenport of Norwich; supreme representative, Dr. John A. Hutchinson of New Haven.

FAVOR ELECTRIC ROADS.

MANY RESIDENTS OF TOWNSEND AVENUE BEFORE SELECTIONS.

Reasons Advanced Why Tracks Should be Laid on the Avenue—Arguments For and Against the Petition—Action Deferred by Selections Until To-night.

Another meeting of the selectmen was held last evening for the purpose of hearing the petitions of the New Haven Street railroad for permission to lay its tracks on Townsend avenue in the annex. The railroad company was represented by Attorneys S. Harrison Wagner and Webb, President Corey and General Manager G. A. W. Dodge, the remonstrants to the petition by Judge Judge Hotchkiss and Attorney Herbert E. Benton and the town by all the selectmen and Town Counsel Goodhart.

At the former meeting of the selectmen the remonstrants to the petition were afforded an opportunity to put in their case and last night was reserved for those residents of the annex who are in favor of the tracking of Townsend avenue to express their views on the subject. The first witness called was Collis N. Grannis. He said:

"I am heartily in favor of the petition and believe that the tracking of Townsend avenue is a public necessity. My purpose in making these remarks is not to enhance the value of my property in my generation, but I am talking for posterity. My property will go to my descendants and I sincerely hope they may enjoy the convenience of the electric cars along Townsend avenue."

F. W. Chatterton favored the granting of the petition, as did also William A. Woodard. The latter said that he owned 1,500 feet on the avenue and that his father and grandfather lived and owned property on the avenue. He said that there were only four or five residents of the avenue opposed to the petition and that all the other remonstrants came from places not on the avenue. He then advanced as reasons why the petition should be granted, accommodation to the public and the enhancement of the value of real estate.

Lucas E. Thompson said that he was present to favor the petition in order to keep peace in his family. (Laughter.) "Well," he said, "you may all laugh, but let me prove my statement. We live a quarter of a mile from Woodward avenue. In the summer my wife and children have to plod through a swamp to reach an electric car. In the winter we wade through snow knee deep. So my family now protests and sent me here to favor the petition for an electric railroad through Townsend avenue."

Byron A. Tucker, another resident and property owner, argued in favor of the petition. He said: "The road is a public necessity. Many persons have heard of Fort Wooster Park, but few have been able to get there. With an electric road on Townsend avenue the public could be conveyed to the park, the summit of which is only twenty feet lower than the top of East rock."

Others who were present and favored the granting of the petition were C. E. Woodruff, Michael Griffin, Thomas Hines, Harry Riley, Ellisworth Burrell, Michael Moran, Frank Woodward, Asa Thompson, Ralph Wright, George Grannis and William Thorp.

Arguments were then made by Attorney Benton and Judge Hotchkiss for the remonstrants and by Attorneys S. Harrison Wagner and Webb for the petitioners, after which the selectmen adjourned until this evening, when they will again meet and decide whether or not to instruct the town council to oppose the petition before the general assembly.

EPISCOPAL CHURCH CLUB.

New Haven Persons Elected at the Quarterly Meeting.

Meriden, April 17.—The quarterly meeting and banquet of the Episcopal Church club of Connecticut was held to-night at the Winthrop hotel in this city. There were about fifty members present from the different clubs in the state. At 7:30 o'clock the business session was held, at which the following new members were elected: James D. Dwell, Jr., of New Haven, William R. Foote of New Haven, H. C. Noble of New Britain, Samuel Dodd, Frank E. Sands, A. B. Matthews, Joseph C. Platt and John W. Cox of this city.

Colonel Jacob L. Greene of Hartford presided at the banquet, and a report of the proceedings at the convention of the church clubs which was held recently at Wilmington, Del., was read by General W. W. Skiddy of Stamford. The guest of honor of the evening was Rev. J. J. McCook of Hartford, who spoke on the subject of "The Churchman in Politics." He said that the work of the churchman in politics was a necessity. The so-called campaign of education in 1892 he declared was a humbug. He predicted grave results to the anarchistic tendencies and to the cry of the classes and masses.

He believed that the politics of the churchman should be strongly felt, and considered it the duty of every churchman to work industriously for purification of politics, and detailed a plan for accomplishing the desired results.

Among the members present were John B. Adriance, A. S. Bradley, C. M. Matthews, Benjamin R. English, John H. Platt, Philip Pond, 24, Elliott H. Morse, N. Albert Hooker, George J. Rossett, Fred C. Earle, George F. Newcomb, George H. Tuttle, H. C. Vibbert, A. N. Wheeler, Judge A. Heaton Robertson and H. C. Graves, from New Haven, and Joseph Pierpont of North Haven.

The meeting was adjourned at 10:30 o'clock.

Married a Title.

New York, April 17.—Sir Rache Cunard of England and Miss Maud V. Alice Burke of New York were married this afternoon at the residence of the bride's guardian, F. H. Carpenter, No. 108 East Thirty-seventh street.

AN IMPORTANT DECISION.

Rights to Pension Claims Given by the Secretary of the Interior.

Washington, April 17.—A decision has been rendered by the secretary of the interior involving the right to pension in claims filed by persons after attaining their sixteenth year for an account of whom no claim had been made during the period of their pensionable minority as children of a soldier who had died from causes originating in the service and line of duty.

The decision is of importance as involving the determination of a large number of pending or rejected claims. The secretary holds that the clause "children under sixteen years of age," is descriptive of a class of claims which are excepted from the limitation act of March 3, 1879, and are not forfeited by neglect to file the application during the period of pensionable minority.

The amount of increase which this decision will involve it is said will reach several hundred million dollars. There are now about 200 such cases pending before the interior department.

DR. BUCHANAN TO DIE.

Refusal of the United States Supreme Court to Grant a Writ of Error.

Washington, April 17.—Chief Justice Fuller in the United States supreme court to-day denied the application of Dr. Robert W. Buchanan, the New York wife murderer, for a writ of error. The court departed from its usual custom, which is to announce decisions only on Monday, for the reason that Buchanan is now under sentence of death by electrocution during the week beginning next Monday.

Messrs. Noah and Gibbons, counsel for Buchanan, subsequently said that they would now take the case to the British ambassador and ask him to interfere in Buchanan's behalf, he being a British subject. They would endeavor to secure a respite from Governor Morton pending Sir Julian Pauncefote's investigation of the case.

FOUND DEAD ON MOUNT TOM.

The Death of Young Arthur Seelye Was Instantaneous.

Springfield, Mass., April 17.—The body of Arthur Seelye, son of President Seelye of Smith college, Northampton, was found on the East Hampton side of Mount Tom this morning. The young man, who was home on a vacation from Harvard university, where he was pursuing a post graduate course, started day before yesterday to ascend the mountain, and on his failure to return searching parties were sent out.

Northampton, Mass., April 17.—No recent event has so stirred the town as the tragic death of young Seelye. He was given to pedestrian tours, and the mountain where he died was familiar to him, though it was a seven mile walk from his home. It is thought that he stepped on a part of the brink of the forty-five foot precipice that had been loosened by the freezing of water, which had settled in the leaves. His death must have been almost simultaneous with the fall, as the rocks where he lay were covered with blood.

Young Seelye graduated at the Northampton high school seven years ago, and from Amherst college in 1892. The night following he taught in the Adelphi academy, Brooklyn, and entered on a post graduate course at Harvard last fall, intending to fit himself as a teacher of English literature. He came home last Friday night, and Monday morning started off for the walk to the mountains, full of life and hope, remarking to his father that he never felt so well in his life, and he wished that his father was so well.

TO COMMAND HAWAII'S ARMY.

R. H. McLean Has Been Selected and Has Accepted.

Washington, April 17.—It is announced that R. H. McLean of Washington has been selected to command the Hawaiian army with the rank and pay of a colonel in the United States and that he has accepted. Mr. McLean was graduated at the naval academy at Annapolis in 1872 and after twenty years in the United States naval marine corps he resigned to go into business. While in the service he enjoyed the highest reputation as an officer. He was adjutant general of the naval brigade at General Grant's funeral. He has been associated with Lieutenant Beeher in developing the solarimeter, which is taking the place of compass and sextant on naval vessels.

Mr. McLean has just returned from a voyage on which he navigated the Kaiser Wilhelm II. from New York to Genoa and return by frequent solar and stellar observations. He will sail for his new post at Honolulu on May 2.

Yale Professors Elected.

Washington, April 17.—This morning's session of the meeting of the National Academy of Sciences was devoted to business routine entirely. Various committees reported and the following officers were elected: President, Wolcott Gibbs of Cambridge, Mass.; home secretary, Asaph Hall of Washington; foreign secretary, A. Agassiz of Cambridge; council, Professor Brush and Marsh of New Haven, Gould and Goodale of Cambridge, Newcomb of Washington, and Remsen of Baltimore.

Refugees From Cuba.

Kingston, April 17.—Cuban refugees are arriving daily. The arrivals report the town of Las Palmas has been burned by the insurgent leader Cebreco and that the town of Bayamo is besieged by the rebel leader Crombet, with five hundred men.

Earthquake in Vermont.

Northfield, Vt., April 17.—A slight shock of earthquake was felt at 11:30 this morning and bricks fell from a chimney.

SEARCHING FOR THE BODIES.

A POND WAS DRAGGED FOR THEM BUT WITHOUT SUCCESS.

A Garter of the Missing Woman and Two Caps and Two Shoes of Her Son Whom the Husband and Father is Supposed to Have Murdered Have Been Found—Two Bodies Found in the Ground.

Woonsocket, R. I., April 17.—Captain Hillhouse of the Woonsocket police and Detective Ryan of the Pinkerton agency, who are acting on behalf of the state of Connecticut, continued their search for the bodies of Mrs. Rosa Taczekewitz and her son, who are supposed to have been killed at East Thompson, Conn., by the woman's husband. A half mile from the house on the road leading to Nigger Foot Cove, in a swamp, they found two holes in the ground, one four feet by six feet and five feet deep, and a smaller one that had been nearly filled up.

Their theory is that it may have been the intention to bury the bodies there, but that the idea was given up and the bodies were thrown further along to Webster pond and thrown into its waters. Wagon tracks and the imprints of a horse's feet, the latter fitting the shoes worn by the Pole's horse, were found in the vicinity. This pond will be dragged later.

At the time the husband was arrested a line of footprints was discovered leading from the house to a small pond in the rear and near these prints to-day were found a garter that is known to have been worn by the missing woman. This afternoon was chiefly spent in dragging this pond, but without success.

To-day was the first time that an official search has been made of the house and it was a most thorough one. Two caps belonging to the missing boy, all he possessed, and one each of the only two pairs of shoes that he had were found to light, indicating that he must have left the house hatless and shoeless. Much interest has been added to to-day's search by the fact that on March 31 a spiritualist medium who was consulted predicted that the bodies would be found in the little pond in seventeen days, which time limit expired to-day.

Portions of a woman's jersey were found in the woods near the house to-day and that region was also carefully gone over. Captain Hillhouse says the experts employed state that the stains found were made by human blood. The officers will prosecute their search diligently.

PERRY'S CAPTURE.

Arrangements for His Extradition—His Complaints of Bad Treatment.

Poughkeepsie, N. Y., April 17.—Dr. R. B. Lamb, who was sent to Weehawken last night to bring Oliver Curtis Perry back to the Matteawan asylum, on arriving there learned that Perry would not be allowed to leave New Jersey without requisition papers. This morning Superintendent Allison of the asylum prepared the necessary affidavits and other papers, which will be sent to Albany to-day for the governor's signature.

Detective Clifford, who captured Perry, is under Chief Humphrey of the New York Central system. The chief said last night: "As soon as I learned that a rowboat had been stolen from the night after the escape I notified Detectives Clifford, Humphrey and Betts, who are on the West Shore division, that one or more of the men might have taken the West Shore road, and cautioned them to watch especially in the vicinity of Weehawken, which is a great resort for tramps. By agreement among themselves, Clifford, Humphrey and Betts divided the district into three sections, each covering a part. As it is customary under such circumstances, the reward, I suppose, will be divided among them."

New York, April 17.—At the Hudson county jail in Jersey City Perry appeared this morning to Sheriff Taffey to be permitted to see some newspaper reporters, and Deputy Warden Mitchell admitted three. The train-robber appeared nervous, and explained that his rest had been disturbed during the night by terrible thoughts. Early this morning County Physician Converse visited him in his cell and bandaged his feet and applied healing liniments. Perry's feet are in such a state that he walks with great difficulty. His face and arms are scratched, his eyes sunken and his hair is rather long. He spoke bitterly of the asylum attendants, saying: "If I had no freedom whatever, as I would not have cared had they given me an opportunity to take a little exercise, but they kept me in my cell all the time. I appealed to Dr. Allison and the keepers on many occasions, but they would not listen to me. I was kept in my cell and treated more like a mad beast than anything else. My treatment was slowly but surely driving me insane," etc., etc. This from a man taken out of state prison on the ground of insanity.

Perry kept up a steady stream of conversation about his treatment. He seems to worry about his health. He frequently asks for food that will strengthen him. A close watch is being kept upon him by three armed constables.

WILL DRILL TO-NIGHT.

Between the Bethel Cadets of This City and the Taylors of Bridgeport.

A grand exhibition drill will be given by the Bethel cadets of New Haven and the Taylors cadets of Bridgeport at Banquet hall this evening. The program will consist of an address by the Rev. Dr. Twitchell.

Soprano solo by Miss Sadie Williams, Mrs. Birdie T. Davis will read.

The Bethel cadets will give an exhibition heretofore unseen by the public. The special feature of the program will be a drill by the Taylors cadets of Bridgeport, a military organization composed of young ladies under the command of the Rev. R. J. H. Taylor, who will be present with a large delegation of admiring friends.

JUAN CALCEDO.

The King of the wire has been secured to appear all of next week at the Wonderland.

This man, Juan Calcedo, is a marvelously skillful artist, and beside him all others pale into insignificance. When Konter & Bial's agent ran across Calcedo in Europe early last fall, he at once engaged him for a leading attraction at their New York house, and he was started there for six months. He receives one of the largest salaries in the profession, but Mr. Poll has no hesitation in engaging the best, believing that the best is none too good for the patrons of the Wonderland. He has had to guarantee an unusually large salary to Calcedo, but he believes that the patronage that will be extended will recompense him for the great outlay.

A COMING SOCIETY EVENT.

Columbia Strollers' Club at the Hyperion Next Monday Night.

The Columbia Strollers' club will play "A Belle's Strategem" at the Hyperion next Monday evening. It is an event in which society circles are much interested, as some of the most prominent society ladies of the city are to act as patronesses. Several of the members of the university will act as ushers, and Mrs. Eugene Richards, daughter-in-law of Prof. Richards, will play the leading female part and E. Fales Coward the leading male part.

Case of Leprosy.

New York, April 17.—Dr. Benedict, chief inspector of the bureau of contagious diseases, confirmed to-day the report that William Bryan, No. 229 West Sixty-third street, was a leper and had been removed last yesterday afternoon from the Roosevelt hospital to the Reception hospital, and said he would be taken late this afternoon in the health board steamer to North Brother's island. Dr. Benedict added that the statement that the case was leprosy in its most virulent form was erroneous. Bryan's case is the only one known in the city.

WOMAN'S RELIEF CORPS.

Meeting at G. A. R. Hall, Meriden, Yesterday.

Meriden, April 17.—The Woman's Relief corps, executive committee of the department of Connecticut, met for the first time this year at the G. A. R. hall this morning. As the head of the corps resides in Meriden the committee will meet here every three months to discuss their work.

The officers present were: Department president, Florence Hayden; secretary, Clara E. Gallagher; treasurer, Jane C. Pultz of Plantsville; executive committee, Mrs. Augusta B. Hammond of Rockville, chairman; Mrs. Sarah S. Spaulding of Norwich, Mrs. Harriet J. Dodge of Hartford, Mrs. Helen M. Downey of New Hartford, Mrs. Charlotte E. Wright of New Britain, the department counselor, was also present.

The morning's session began at 10:30 o'clock and adjourned at noon for lunch. The afternoon session began at 2 o'clock. Only routine work was considered.

NEEBE-KLOCKER.

Wedding, To-night at Zion Lutheran Church.

At the Zion Lutheran church to-night at 6 o'clock wedding ceremonies will occur, when Miss Minna Klocker of this city will be united in marriage to Mr. William Neebe of Meriden. Both the young people have a large circle of friends and the occasion will be a happy event. The church will be tastefully beautified with potted plants and flowers, and the ceremony will be performed by a brother-in-law of the groom, Rev. Mr. William Koeppen of Meriden, assisted by Rev. Edward H. Fisher, pastor of the church. Professor Bolze will preside at the organ and a solo will be sung by Miss Emilie Neebe, a sister of the groom.

DRILL AND RECEPTION.

By the New Haven Naval Militia To-day.

The first drill and reception of the First division, Naval Militia, C. N. G., will be held in the armory this evening. The armory will be handsomely decorated for the occasion. Governor Connally and staff will be present. The order of exercises will be as follows: Overture—Semeramide..... Rosini Infantry Drill.

March—Bell of New York.....Clark Waltz—Scaling.....Guilford Waltz—Saratoga.....Guilford Artillery Drill.

Return of the Troops.....Ellenburgh March—Naval Reserves.....Guilford Waltz—Saratoga.....Guilford March—Corcoran Cadets.....Souza Waltz—Moonlight and Starlight.....March—Manhattan Beach.....Souza Waltz—Bowery Girl.....Mack March—Twenty-second Regiment.....Reeves

Waltz—Saratoga of New York.....Guilford Waltz—Saratoga of New York.....Guilford March—Twenty-second Regiment.....Reeves

The following is the committee of arrangements: C. K. Hutchinson, Hoyt, Arnold, Ayer, Egan, Hart, Hartington, Russell, Stahl, Thatcher, Cornwall. During the evening ice cream and cake will be served.

WILL DRILL TO-NIGHT.

Between the Bethel Cadets of This City and the Taylors of Bridgeport.

A grand exhibition drill will be given by the Bethel cadets of New Haven and the Taylors cadets of Bridgeport at Banquet hall this evening. The program will consist of an address by the Rev. Dr. Twitchell.

Soprano solo by Miss Sadie Williams, Mrs. Birdie T. Davis will read.

The Bethel cadets will give an exhibition heretofore unseen by the public. The special feature of the program will be a drill by the Taylors cadets of Bridgeport, a military organization composed of young ladies under the command of the Rev. R. J. H. Taylor, who will be present with a large delegation of admiring friends.

JUAN CALCEDO.

The King of the wire has been secured to appear all of next week at the Wonderland.

This man, Juan Calcedo, is a marvelously skillful artist, and beside him all others pale into insignificance. When Konter & Bial's agent ran across Calcedo in Europe early last fall, he at once engaged him for a leading attraction at their New York house, and he was started there for six months. He receives one of the largest salaries in the profession, but Mr. Poll has no hesitation in engaging the best, believing that the best is none too good for the patrons of the Wonderland. He has had to guarantee an unusually large salary to Calcedo, but he believes that the patronage that will be extended will recompense him for the great outlay.

NO ACTION WAS TAKEN.

NO SUCCESSOR TO LATE SUPERINTENDENT OF STREETS CHOSEN.

Lengthy Executive Session of Road Commissioners—Officials of the Board to be in the Office Certain Hours During the Morning—Other Business Transacted. For nearly an hour last night the members of the board of public works held a session behind closed and locked doors, but were unable to agree upon any action of especial moment. All the commissioners were present and Mayor Hendrick presided. It was thought that an attempt would be made to elect a superintendent of streets to fill the vacancy caused by the death of Superintendent Patrick Doyle, but if any attempt was made it was unsuccessful.

After the executive session adjourned one of the commissioners stated that no attempt had been made to elect a successor to the late Superintendent Doyle. Said he: "About the only business transacted was to pass a vote requiring the superintendent and assistant superintendent of streets, the city engineer and clerk, and, in fact, all the attaches of the office of the board of public works, to be in the office of the board each morning hereafter from 10 to 10:30 o'clock, so that any person who may have any business with them can be sure of finding them at that time. Of course we discussed other matters, but no action was taken on any other subject and the meeting adjourned subject to the call of the president of the board or of the mayor."

In open session the city of New Haven and Westville railroad were granted permission to lay a new and heavier rail through Chapel street from York street and through State street and Grand avenue to Mill river, the work to be done to the satisfaction of the board of public works and under the supervision of an inspector to be paid for by the railroad company.

A communication from the board of harbor commissioners notifying the board of public works to remove the sand and refuse which has been deposited from the East street sewer in the channel to the detriment of navigation and to remove the broken pile in the fender pier of the Chapel street bridge, which is said to be dangerous to navigation, was read. The matter was referred to the committee on sewers to inquire into and report to a subsequent meeting of the board.

A communication from the board of health suggesting that the depositing of decaying matter along the course of the Boulevard sewer be forbidden as being unhealthy
